Migrationsverket, and All Relevant Parties

RE: FLIGHT FOR FREEDOM

Greetings,

I thank you for the quick response to address questions I had with Migrationsverket and the unique cause for concern it presents.

As I stated before, it was quite alarming to discover that **an important signed document was not provided** with the first file delivery. The signed record showing your acquisition of my **valid** Travel Document(s) was NOT INCLUDED in the initial share of **my entire file on record**.

- A- Migrationsverket agrees that I have been on a GOOD STANDING with Sweden and Migrationsverket since the start of my asylum application, until my voluntary withdrawal of the case.
- B- Migrationsverket agrees that I have NOT committed any criminal offence during my stay in Sweden and that I do NOT violate any international laws.
- C- Migrationsverket agrees that I have submitted my valid travel document 12-06-2018 , which then has expired 01-03-2020 in the possession of Migrationsverket.

None of the above facts were contested by Migrationsverket, so I accept the non-response and verbal confirmation as documented evidence of this fact.

Whereas, I, Shaima Mohammed:

- Under the direction of Migrationsverket, presented valid Travel Documentation to begin the asylum process,
- Attended every requested interview and meeting for the 3 years that my case was active with Migrationsverket,
- Attained employment, an apartment, took Swedish language courses to learn more about the culture and continue to contribute to the Artistic & Creative Community,
- Have remained in GOOD STANDING with Migrationsverket for the 3 years that my case was active with Migrationsverket,
- Requested to withdraw from the asylum process, with details, in writing on February 8, 2021,
- After a formal request to withdraw my case, and without any status updates for 3 years, was recently notified that I was unvoluntarily added to an appeal on a withdrawn case based on an “interpretation” of my request to have my unique case presented the Board,
- Have become Stateless by definition, under the guidance of Migrationsverket and the asylum process,
- Have received no denial, contest or objects, of my documented claims showing the guidance and system of Migrationsverket is sole cause of my current Stateless status.
- Having learned that the current unit of Migrationsverket is not the only “unit” with decision-making powers on my case, requested a meeting with the Board of Migrationsverket to discuss my “unique” situation,
- Having learned from Migrationsverket, off-the-record, that there are no cases like mine, formally requested to be presented with a case used as a reference, to render judgement for request of a temporary Travel Document from Migrationsverket,
- Have no intention to break any international treaty or laws, and are aware of which countries are valid within my request for a temporary Travel Document,

-
- Have knowledge of the **1951 Convention travel document** or Geneva passport of which both Costa Rica & Sweden are listed as participants,
 - Based on hours of Internal Law & Migration research, have requested a temporary Travel Document per “Convention relation to the Status of Stateless Persons” (See Articles: 1,7,8,31, 32, 34),
 - Knowing that under unique circumstances such as mine, Sweden has the mandated power to create and issue me a temporary travel document from Sweden to Costa Rica based on the **1951 Convention travel document** or Geneva passport,

I formally request that Migrationsverket escalate the status of my request for review to the necessary units, agents and agencies who are mandated to address this matter.

As I seek to depart Sweden on my **Flight For Freedom** on or by **March 15, 2021**, I have cc'd several international agencies, in addition to the *current* “unit” at Migrationsverket.

Historically speaking, the temporary Travel Document I request was an update to International Law greatly based on the success and need of the “Nansen Passport.”

Sweden has treated me well and allowed me to regain the mental and physical strength to complete my FLIGHT FOR FREEDOM.

My Unique Case cycling within your system must end.
I have been a slave to humans,
I will not become a slave to a bureaucratic system.

WE ALL MAKE MISTAKES.

This is a good moment for us to show that we have learned. we must take advantage of this opportunity to make sure that what has happened to me, will never happen to anyone else who follows the guidance of Migrationsverket.

I appreciate a quick and favorable resolve on this matter,
Thank you for handling this matter with urgent consideration.
